CONFERENCE

29 – 31 AUGUST

CONFERENCE PROGRAM

DAY1: August 29, 2022

8:30-9:45	Welcome Reception and Registration			Atrium - Entrance Hall
9:45-10:00	Opening - Plenary Session			Lecture Hall
10:00-11:15	Keynote Talk - Plenary Session Jan De Houwer <i>Building bridges between impression formation and learning: The related entities of entities principle as a guide for research on feature transformation</i>			Lecture Hall
11:15-11:30	Coffee Break			Atrium
	ROOM 6: Behavior change Chair: Raynae Dumpfrey	ROOM 7: Biases in cognition Chair: Ekim Luo	ROOM 8: Memory Chair: Fiona Kazarovytska	ROOM 9: Evaluative conditioning Chair: Zachary Adolph Niese
11:30-12:00	Organ Donation Decisions: When Deviating from the Status Quo Increases Perceived Vulnerability Tehila Kogut & Marina Molsenok	Temporal Neglect in Judgments of Progress: Why Monitoring Workers More Frequently Decreases Perceived Productivity André Vaz, Clayton R. Critcher, & André Mata	Proximate mechanisms of the survival processing effect: What have we learned from bilinguals Margarida Vaz Garrido, Magda Saraiva, & Josefa Pandeirada	(Why) Is Evaluative Conditioning Moderated by Big Five Personality Traits? Moritz Ingendahl & Tobias Vogel
12:00-12:30	Do Dietary Goal Failures Possess Self-Serving Policy Attitudes? Sonja Grelle, Jan M. Bauer, Kristian S. Nielsen, Charlotte Kukowski, & Wilhelm Hofmann	Do More Intense Social Threats Fade Away Quicker with Increasing Physical Distance? Luc Vieira, Raphaël Adamczak, Mégane Gumier, Pierre Delaunet, & Christophe Blaison	Easy to remember and difficult to forget? Using item-method directed forgetting to investigate intentional forgetting of social information Johanna Marie Höhs & Anne Gast	Why is there no negativity bias in Evaluative Conditioning? Lea M. Sperlich & Christian Unkelbach
12:30-13:00	Reduce, Reuse, Recycle, Repeat: The role of outcome-related feedback in the continued performance of recycling behaviors Raynae Dumpfrey & Juliette Richetin	The Analgesic Effect of Social Power on Empathy for Pain Ekim Luo & Simone Schnall	No Differences Between Memory Performance for Instances of Historical Victimization and Historical Perpetration: Evidence from Four Large-Scale Fiona Kazarovytska & Roland Imhoff	The flexibility of sampling's positive impact on evaluation Zachary Adolph Niese & Mandy Hütter
13:00-14:30	Lunch			Atrium
	ROOM 6: Economic games and decision-making Chair: Maciej Pastwa	ROOM 7: Emotions Chair: Tal Eyal	ROOM 8: Impression formation Chair: Juliane Degner	ROOM 9: Information processing Chair: Rita R. Silva
14:30-15:00	Trust-Trustworthiness Gap in Negotiations Shira Garber, Yoella Bereby-Meyer, Simone Moran, & Boaz Keysar	What the pupillometry can tell us about intention to emotion Dalit Milshtein, Ronen Hershman, & Avishai Henik	Multi-modal cues to change your mind: Exploring the intertwining of faces, voices and behaviours in impression updating Matteo Masi, Simone Mattavelli, Fabio Fasoli, & Marco Brambilla	As expected? Context-dependent and Context-free Factors in Distribution Cognition Jonas Ebert & Roland Deutsch
15:00-15:30	The Aggressive Experts: The Effect of Expertise-based Status on Cost-Inflicting Strategies in an Economic Contest Game Wei Luo & Ana Guinote	"Now I am still angry but tomorrow I will work for you again": Permitting expression of anger after unfair feedback does not prevent immediate negative reactions but protects commitment and loyalty towards an employer Bahram M. Kahriz, Carola Hillenbrand, & Julia Vogt	The role of spontaneous ideological inferences in political polarization Carsten Sander & Juliane Degner	Social metacognition and pluralistic ignorance: Why my neighbor is prejudiced and loves chocolate cake André Mata & Cristina Mendonça
15:30-16:00	Effects of First Impressions and Draw Reliability on Risk Aversion Maciej Pastwa, Adam Sobieszek, Małgorzata Budzińska, Justyna Dominiak, & Filip Majtyka	Smiling with the Enemy. Facial Reactions towards Expressions of Schadenfreude Vanessa Mitschke & Andreas Eder	When the skinhead helps the elder, he's still caring: Stereotypes do not reliably guide spontaneous trait inferences from behavior Jana Mangels & Juliane Degner	Evaluative effects of (in)congruent advice in a Repetition-induced Truth Effect paradigm Anne Irena Weitzel & Christian Unkelbach
16:00-16:30	Emotion regulation by psychological distance and level of abstraction Tal Eyal & Tal Moran		The many different approaches to person perceptions Juliane Degner	Who's the source? Perceived trustworthiness of information sources and illusions of truth and illusions of falseness Rita R. Silva & Margarida V. Garrido
16:30-17:00	Coffee Break			Atrium
	ROOM 6: Stereotypes and prejudice Chair: Marek Drogosz	ROOM 7: Judgment Chair: Jochim Hansen	ROOM 8: Approach-avoidance Chair: Yoann Julliard	ROOM 9: Self-regulation Chair: Alessandro Sparacio
17:00-17:30	Combining social concepts: The case of age and sexual orientation categories Rosandra Coladonato, Vincent Yzerbyt, & Andrea Carnaghi	Why do people avoid extreme evaluations at the beginning? A critical test of the calibration hypothesis Tabea-Jeannine Zorn & Christian Unkelbach	A Ternary Model of Basic Goal Types: Approaching Gains, Avoiding Losses, and Maintaining what We Have Yael Ecker & Agnes Moors	Development and Validation of the Social Thermoregulation, Risk Avoidance, and Eating STRAEQ-2 team (167 authors, &)Hans IJzerman
17:30-18:00	Dimensions of spontaneous social categorization Felicitas Flade & Roland Imhoff	The Impact of Ambiguity on Novelty Avoidance in Accountable and Private Choices Iris A. M. Verpaalen, Simone Ritter, Madelon van Hooff, & Rob Holland	Hold it Right There! An Examination of the Approach-Aversion Effect in Virtual Reality Ivane Nuel, Marie-Pierre Fayant, & Theodore Alexopoulos	How to feel that you are moving forward? The role of Explicated Counterfactual Effectiveness Information Maayan Katzir
18:00-18:30	Why are stereotypes negative Christian Unkelbach, Anne Weitzel & Hans Alves	Abstraction triggers public self-awareness Jochim Hansen, Nicole Neumeier, & Magdalena Höller	Considering motivational conflicts in context: The relative difficulty of Approach-Approach and Avoidance-Avoidance conflicts is context-dependent Maya Enisman & Tali Kleiman	A large, multisite test of self-administered mindfulness Alessandro Sparacio, Gabriela Jiga-Boy, Hans IJzerman, Ivan Ropovik, Filippo Giorgini, & Christoph Spiessens (+ Authors that contributed to the data collection)
18:30-19:00	Shoot or save! The dynamics of critical decisions toward other ethnic group members Marek Drogosz, Krzysztof Kruszewski, & Sviatoslav Piven	Can we measure approach/avoidance toward stimuli that are not instrumental? Yoann Julliard, Cédric Batailler, Marine Rougier, & Dominique Muller		
Explore Milan on your own				

DAY2: August 30, 2022

	ROOM 6: The Self Chair: Ewa Szumowska	ROOM 7: Face perception Chair: Marleen Stelter	ROOM 8: Evaluative conditioning Chair: Roland Imhoff	ROOM 9: Social exclusion Chair: Christiane M. Büttner
9:00-9:30	Importance is important (in the cognitive dissonance model), but differently than you think Paulina Szwed & Ewa Szumowska	The many faces of mimicry: mimicry patterns across various facial expressions reflect attitudinal agreement Inbal Ravreby, Mayan Navon, Eliya Pinhas, Jenya Lerer, Yoav Bar-Anan, & Yaara Yeshurun	What Does Multinomial Modeling Tell Us About Evaluative Learning? An Inference Asymmetry Perspective on Relational Evaluative Conditioning Karoline Bading & Klaus Rothermund	Young, out of work, excluded? Ostracism experiences are particularly frequent and strong for young unemployed individuals Elianne Albath, Christiane Büttner, Selma Rudert, & Rainer Greifeneder
9:30-10:00	Self-Consistency Versus Credibility: Testing the Mechanisms of the Self-Verification Effect Ewa Szumowska, Natalia Wójcik, Paulina Szwed, & Arie W. Kruglanski	Understanding the impact of faces masks on the perception of primary facial dimensions Daniel Fitousi, Noa Rothschild, Chen Pnini, & Omer Azizi	The Role of Inference as Modulating Assimilative Effect in Backward Evaluative Conditioning with Relational Information Yahel Nudler, Tal Moran, & Yoav Bar-Anan	A new tool measuring the four fundamental needs threatened by social exclusion Céline Robert, Marie-Pierre Fayant, Cristina Aelenei, & Theodore Alexopoulos
10:00-10:30		Gender priming non-linguistic stimuli: the effect of feminine, masculine, and mixed gender primes on the perception of male, female, and gender-mixed face pairs Jonathan D. Kim, Anton Öttl, Pascal Gygax, Dawn M. Behne, Jukka Hyönä, & Ute Gabriel	Evaluative Context and Conditioning Effects Among Different and Same Objects Roland Imhoff & Hans Alves	Social Pain by Non-Social Agents: Exclusion Hurts and Provokes Punishment Even if the Excluding Source is a Computer Melissa Jauch, Selma C. Rudert, & Rainer Greifeneder
10:30-11:00		What explains the other-race effect? A meta-analysis of expertise and motivational accounts. Marleen Stelter, Stefan Schweinberger, & Juliane Degner		The best but still left out – Grandiose and vulnerable narcissists' experience of everyday ostracism Christiane M. Büttner, Selma C. Rudert, & Rainer Greifeneder
11:00-11:30	Coffee Break Atrium			
11:30-12:45	Keynote Talk - Plenary Session Ursula Hess <i>Facial mimicry as a communicative act</i> Lecture Hall			
12:45-14:15	Lunch Atrium			
	ROOM 6: Impression formation Chair: Marine Rougier	ROOM 7: Indirect measures Chair: Adam Hahn	ROOM 8: Emotions Chair: Argaman Bell	ROOM 9: Stereotypes and prejudice Chair: Paul Bacher
14:15-14:45	The efficiency of spontaneous social inferences in realistic behaviors Felix Kruse & Juliane Degner	Facial Targets in the Affect Misattribution Procedure - a better canvas for prejudice? Sarah Teige-Mocigemba, Manuel Becker, Jeffrey Sherman, Regina Reichardt, & Karl C. Klauer	Approach and withdrawal tendencies evoked by emotions and financial decision making. Maciej Pastwa & Kamil Imbir	Ideological Prejudice Is Stronger in Ideological Extremes (vs. Moderates) Johanna Woitzel & Alex Koch
14:45-15:15	The influence of a distrust mindset on revision of spontaneous evaluations Anand Krishna, Natalia Oglanova, Rebecca Shane, Olivia Ciccotti, Dilara M. Akçaglar, & Jeremy Cone	Cognitive Processes Underlying the Weapon Identification Task: A Comparison of Models Ruben Laukenmann, Edgar Erdfelder, Daniel W. Heck, & Morten Moshagen	When happiness knocks on your door: how do people process positive events in day-to-day life? Hanxin Zhang & Julia Vogt	Sexual objectification impact social interaction: less mimicry responses toward objectified women Daniela Ruzzante & Jeroen Vaes
15:15-15:45	Memory Retrieval in Acquired Attitudes Anne Gast, Jasmin Richter, & Taylor Benedict	The Cognitions Reflected on Implicit Evaluations Can Be Both Felt and Inferred From Cultural Norms Adam Hahn, Alexandra Goedderz, & Anne Weitzel	Cultural variations in attachment organization moderate attachment relationships with contextualized emotion decoding accuracy and inaccuracy Konstantinos Kafetsios, Itziar Alonso-Arbiol, Kelly Campbell, Bin-Bin Chen, Dritjon Gruda, Marco Held, Shanmukh Kamble, Takuma Kimura, & Alexander Kirchner-Hauser	An Examination of Implicit and Explicit Social Group Attitudes and Stereotypes Across 34 Countries Tessa E.S. Charlesworth, Mayan Navon, Yoav Rabinovich, Nicole Lofaro, & Benedek Kurdi
15:45-16:15	From Halo to Conditioning and Back Again: Exploring the Links Between Impression Formation and Learning Marine Rougier, Jan De Houwer, Juliette Richetin, Sean Hughes, & Marco Perugini		Better together? Peer presence effect on enjoyment and facial expressions during joint listening to audio clips Argaman Bell, Liron Amichai, Inbal Ravreby, & Yaara Yeshurun	Assessing stereotypically biased responses in alleged knowledge tests? An Error-Choice Test on Prejudice against Muslims and Islam Paul Bacher & Sarah Teige-Mocigemba
16:15-16:45	Coffee Break Atrium			
	ROOM 6: Social judgment Chair: Marie Isabelle Weißflog	ROOM 7: Information processing Chair: Guy Grinfeld	ROOM 8: Morality Chair: Konrad Bocian	ROOM 9: Social inequality Chair: Joelle-Cathrin Flöther
16:45-17:15	Diagnosticity in Personnel Selection: Effects of the Big Two on Sampling and Judgment Behavior Johannes Prager, Linda McCaughey, & Klaus Fiedler	Self-Relevance and the Activation of Attentional Networks Saga Svensson, Marius Golubickis, Sam Johnson, Johanna K. Falbén, & Neil Macrae	How we judge others in the face of an immoral daily-life act? A dynamic and multifactorial investigation Aurore Gaboriaud, Flora Gautheron, Jean-Charles Quinton, & Anniq Smeding	Unequal action: Explaining collective action responses to inequality Finn Lannon, Jenny Roth, Eric Igou, & Roland Deutsch
17:15-17:45	The interplay between morality and competence dimensions and the economic status. The role of verbal and non-verbal cues in first impression formation and Alessia Valmori, Francesca Carotta, Luciana Carraro, & Luigi Castelli	Demand for Harmful Information in a Decision Making Context Hadar Ram, Cheryl Waksalak, & Scott Wiltermuth	Helping the ingroup versus harming the outgroup: Evidence from morality-based groups Lusine Grigoryan, San Seo, Dora Simunovic, & Wilhelm Hofmann	The effect of economic inequality on the content of gender stereotypes Eva Moreno-Bella, Guillermo B. Willis, Angélica Quiroga-Garza, & Miguel Moya
17:45-18:15	Cognitive Anthropomorphism of Humanoid Robots: Evidence from a Scrambled Face Task Francesca Cocchella, Alessandra Sacino, & Luca Andrighetto	Rivals Reloaded – Adapting to sample-based speed-accuracy trade-offs through competitive pressure Linda McCaughey, Johannes Prager, & Klaus Fiedler	Moral Deeds Before or After Affection? When and How Moral Information Moderates the Impact of Liking Bias on Moral Character Judgments Konrad Bocian, Katarzyna M. Szarek, Katarzyna Miazek, Wieslaw Baryla, & Bogdan Wojciszke	Group Attitudes in Members of Disadvantaged Groups Joelle-Cathrin Flöther & Juliane Degner
18:15-18:45	Ingroup or the ones at the top? How belief- vs. status-indicative dimensions of social difference shape attitudes in the face of multiple group memberships Marie Isabelle Weißflog, Lusine Grigoryan, & Emily Galster	Verbal information enhances averaging of experienced information Guy Grinfeld, Marius Usher, & Nira Liberman		
18:45	Social event: Aperitivo in Milano			

DAY3: August 31, 2022				
	ROOM 6: Stereotypes and prejudice Chair: Alexandra Lux	ROOM 7: Language and cognition Chair: Magdalena Formanowicz	ROOM 8: Face perception Chair: Simone Mattavelli	ROOM 9: Political psychology Chair: Kiara Roth
9:00-9:30	Homophobic epithets induce reduced feelings of social exclusion and hostility in gay men when label users are ingroup rather than outgroup members Patrice Rusconi, Fabio Fasoli, Mauro Bianchi, & Andrea Camaghi	Foreign language effect in verbal probability phrases - English/Polish investigation Wojciech Milczarski, Anna Borkowska, & Michał Białek	Taking political excuses at face value: The effects of politicians' appearance and trustworthiness on citizens' impressions and attributions Patrizia Catellani & Mauro Bertolotti	What's trust got to do with it? Trusting experts vs. politicians during polarized pandemics and beyond Gabriela Jiga-Boy, Jenny Cole, Alex Flores, Leaf Van Boven, & Dion Curry
9:30-10:00	A Product of their Time? Perpetrator Age Effects on Racism Judgements Manuel Becker & Karl Christoph Klauer	Intuitive judgments of semantic coherence depend on contrast effects Robert Balas, Joanna Sweklej, Ewelina Kowalewska, Anna Redel, Anna Mazurowska, & Dawid Żuk	A Generative Neural Network Approach in Evaluation of the Dominance-Trustworthiness Model of Face Impressions Adam Sobieszek & Kamil Imbir	A Motivated Social Cognition Approach to Conservatives' Preference for the Past Anna Schulte, Joris Lammers, & Matthew Baldwin
10:00-10:30	Positivity norms cause ascribed communication goals to appear more or less desirable depending on the explicitness and feature valence of group comparisons Alexandra Lux, Susanne Bruckmüller, & Vera Hoorens	Retelling uncertainty: Numerical formats improve serial reproduction of probability compared to verbal formats Karolin Salmen, Mandeep K. Dhami, & Klaus Fiedler	The effects of Face Mask in Automatic categorization processes Matilde Tumino, Luigi A. Castelli, & Luciana Carraro	Three fish at one hook? – Defensive, future-oriented and conciliatory claims for historical closure do not differ in their nomological network Fiona Kazarovytzka & Roland Imhoff
10:30-11:00		Examining linguistic devices used in persuasive appeals Magdalena Formanowicz, Marta Witkowska, Marta Beneda, Jan Nikadon, & Caterina Suitner	On the inferences we make about faces in contexts: Face-context integration is moderated by relational encoding Simone Mattavelli, Matteo Masi, & Marco Brambilla	Contextualization of Stereotype-Incongruent Behavior: Intergroup Expectations, Causal Attributions and Context Learning Kiara Roth, Christopher Cohrs, & Sarah Teige-Mocigemba
11:00-11:30	Coffee Break			Atrium
	ROOM 6: Evaluative conditioning Chair: Tal Moran	ROOM 7: Norms and values Chair: Tjits van Lent	ROOM 8: Theoretical advancements Chair: David F. Urschler	ROOM 9: Perception Chair: Paul-Michael Heineck
11:30-12:00	Does Co-Occurrence Information Influence Evaluations Beyond Relational Meaning? An Investigation Using Self-Reported and Mouse-Tracking Measures of Attitudinal Jérémy Béna, Antoine Maudlet, & Olivier Corneille	The effects of perceived and actual value similarity of fellow citizens on wellbeing and civic participation Sam Taylor, Greg Maio, Lukas Wolf, Richard Harris, & Paul Bain	Intuitive and deliberate mind-body dualism: Considerations on lay beliefs about the nature of psychological phenomena Francisco Cruz & André Mata	Implicit Visual Accentuation – Returning to Tajfel Gün R. Semin
12:00-12:30	Abstraction and generalization in Evaluative Conditioning: Category abstraction increases the generalization of acquired likes and dislikes. Kathrin Reichmann, Mandy Hütter, Barbara Kaup, & Michael Ramscar	Repeated Sampling of Group Members and Norm Perception Thomas K.A. Woiczyc, Rahil Hosseini, & Gaël Le Mens	Theoretical constraints render research findings predictable and replicable Klaus Fiedler	Food Is All Around: Why The Unhealthy = Tasty Belief Might Be An Illusory Correlation Sonja Kunz, Simona Hassova, Niklas Pivecka, & Arnd Florack
12:30-13:00	Evaluative Conditioning: Past, Present, and Future Tal Moran, Yahel Nudler, & Yoav Bar Anan	The Action-Valence Asymmetry in Learning Influences Subjective Values of Ingroup and Outgroup Members Tjits van Lent, Gijs Bijlstra, Erik Bijleveld, Rob Holland, & Harm Veling	Do we really know what we are talking about? The prevalence of well- and ill-defined psychological constructs in 150 meta-analytic reviews David F. Urschler	Beyond the incident - A paradigm for research on perception of systemic discrimination Paul-Michael Heineck & Roland Deutsch
13:00-14:30	Lunch			Atrium
	ROOM 6: Interpersonal processes Chair: Francesco Margoni	ROOM 7: Social judgment Chair: Magali Beylat	ROOM 8: Intergroup processes Chair: Maximilian Primbs	ROOM 9: Science perception & conspiracy beliefs Chair: Marius Frenken
14:30-15:00	To What Extent Can We Truly Change? Nitai Kerem, Inbal Ravreby, & Yaara Yeshurun	Impact of perceived group's competence and warmth on Level-2 visual perspective taking Antoine Vanbeneden, Karl-Andrew Woltin, & Vincent Yzerbyt	Shifting selves – investigating the malleability of mixed racial-ethnic identity Anna Huang & Juliane Degner	Rejection of scientific innovations and pseudoscience beliefs in the Netherlands – an examination of ideological and knowledge predictors Bojana Večkalov & Bastiaan T. Rutjens
15:00-15:30	On perceiving ambivalence in others' attitudes Ruiqing Han, Travis Proulx, Frenk van Harreveld, & Geoff Haddock	From Social Value Orientation to Conditional Cooperation and Back: Comparing Social Preference Models from Social Psychology and Behavioral Economics Dorothee Mischkowski & Léon Bartosch	Beyond a mere black sheep? The black sheep effect as a function of degrading the outgroup Zahra Khosrowtaj, Vincent Yzerbyt, Philipp Süßenbach, & Sarah Teige-Mocigemba	Are all scientists "scientists"? Social evaluations of scientific occupations and their impact on perceived prototypicality Vukašin Gligorić, Bastiaan Rutjens, & Gerben Van Kleef
15:30-16:00	When unsure, just ignore: Investigating ostracism as a low-risk alternative to confrontation of norm-violators Christoph Kenntemich & Selma C. Rudert	Social Environment and Information Structure Effects Marco Biella	Formation of Intergroup Bias in Attitudes, Memory, and Communication Johanna Woitzel & Hans Alves	Cognitive processes behind the conspiracy mindset Marius Frenken & Roland Imhoff
16:00-16:30	Infants Understand Bowing as a Cue for Legitimate Leadership Francesco Margoni & Lotte Thomsen	Whom to seek orientation from in the work context? The role of regulatory mode and social orientation motives Magali Beylat, Karl-Andrew Woltin, & Kai Sassenberg	The effects of #BLM on racial bias in the United States Maximilian Primbs, Rob Holland, Ruddy Faure, Tessa Lansu, & Gijs Bijlstra	
16:30-17:00	Coffee Break			Atrium
17:00-18:00	Best Paper Award - Plenary Session			Lecture Hall
18:00-18:15	Closing comments			Lecture Hall
20:00	Farewell Dinner			
September 1, 2022 - POSTCONFERENCE SYMPOSIUM- Aula Tesi Department of Psychology - building U6 - III floor "Social cognition and personality: On the relation between personality and evaluative conditioning"
